We are glad to inform you that **L&T Technology Services** is organizing **Techgium®** – 9<sup>th</sup> Edition, a National-level competition that offers students an excellent opportunity to work on global engineering challenges and showcase their innovative solutions.

**Objective:**

The primary objective of **Techgium®** is to provide a platform for engineering students to apply their technical knowledge, creativity, and problem-solving skills to address real-world engineering challenges while enhancing their industry readiness.

**Focus Segments:**

Mobility, Sustainability and Technology

**Areas include:**

Artificial Intelligence, Alternate Materials, Energy Storage, Electric Vehicles, Manufacturing, Med-Tech, Mobility, Renewable Energy, Sustainability, and Telecommunication.

**Eligibility:**

**Open to pre-final and final year UG/PG Engineering students** of all branches.

Interested students are encouraged to actively participate and make use of this valuable platform to enhance their knowledge, skills, and career opportunities. During registration of the hackathon the college code is mandatory. Our institution code for the Hackathon is **"TAMKOV LZ5M7291"**.

**Prizes:**

- Total Cash Prizes worth ₹18,00,000
- 1st Prize – ₹10,00,000
- 2nd Prize – ₹5,00,000
- 3rd Prize – ₹3,00,000

In addition, students will also benefit from pre-placement processes, internship opportunities, mentoring by industry experts, certificates for teams qualifying for Stage 2 (Technical Presentation), engage / network with industry leaders and practitioners, and recognition by leading media platforms.

**Techgium® 9th Edition is Live Now! Register here: <https://lts.techgium.com/>**
